

Mogora 24KD MIG Welding Torch

Category: MIG Welding Torch | Price: On request | GST: 23AKGPK2852C1ZM

Specifications

Parameter	Value
Power Source	Gas Cooled
Equipment Type	MIG Welding Torch
Welding	MIG
Current Range	250 Amps
Application	Industrial welding
Type	Welding torch
Condition	New
Motor Type	Manual
Material	SS
Power	250Amps
Usage	Heavy Duty
Fuel Gas Type	LPG
Flexible Cable	Included
Model Number	24KD
Connector Type	Quick Connect
Handle Color	Red
Duty Cycle	60%
Cooling Source	Gas Cooled
Export Quality	Yes

Trade Information

Minimum Order Quantity	1 Unit
------------------------	--------

Payment Terms	Cash in Advance (CID)
Supply Ability	10 Units Per Month
Delivery Time	5-7 Days
Main Domestic Market	All India

Product Overview

Discover the Mogora 24KD MIG Welding Torch, a crowning achievement for heavy-duty industrial welding. This first-rate torch offers a 60% duty cycle and operates at a robust 250 Amps, driven by reliable gas cooling. Its quick connect and flexible cable empower effortless setup, while the vibrant red handle ensures ergonomic comfort. Made from premium SS, fueled by LPG, and highly recommended for export, it's the preferred choice for professionals who select only the best. An astonishing offer for those seeking top-tier, durable equipment.

Diverse Industrial Applications of Mogora 24KD

The Mogora 24KD MIG Welding Torch is widely utilized in industrial fabrication shops, automotive repair units, and large-scale manufacturing hubs. Its area of application extends across construction sites, shipyards, and metalworking industries in India and abroad. With unmatched reliability, this torch is specifically designed for heavy-duty welding tasks, making it an indispensable asset in workplaces where consistent performance and efficiency are required for diverse, rigorous welding operations.
